This filing corrects the previous submission that incorrectly identified the responding committee and responds to the Commissions letter on February 14, 2013 regarding the DNC Services Corporation/Democratic National Committee's October

Monthly Report (09/01/12-09/30/2012):

The contributions identified as excessive in the request for additional information were reported in error and should have been attributed to other participants in the Obama Victory Fund 2012.

The DNC has amended its October Monthly report to correct these entries.
